A Friend In Need (The Circle Of Friends Series Book 3)

Synopsis

After breaking up with his first girlfriend just before Valentine's Day, 17-year-old Glen Sauten rushes headfirst into a new relationship. As if he doesn't have enough going on, Valentine's Day turns into a nightmare. Glen wonders if the anonymous letters and other nasty messages he's getting are a prank or something more sinister. With all this added to his ongoing problems with his former best friends, Luke and Charlie, Glen feels as if his life is spinning out of control. He hopes God really does have his back, especially when he has no choice but to be a hero. Meanwhile, Nicole wonders if she's made a mistake, and begins to question what she's been taught by her church.

Excerpt

Opening the door of Marta's house carefully, I peered in. Smoke came straight at me. It looked as if the whole kitchen was on fire. From somewhere beyond, I heard a faint call. I had to go in. All I remembered about fire safety was to get a wet rag to cover your nose if you have to go through smoke. But where did you get water when the fire was in the kitchen? I couldn't even see the sink for smoke. I heard a loud crackle as flames leaped up the window curtains and shot to the ceiling. No way I could get into the house through the kitchen. I heard someone call out, "Help me! Please help me!"...

Another great book in this series! Wow! This story had me crying with all the earnest prayer and love and friendship. I'm loving the realness of these heavy subjects involved in each story. I hope more people read these stories- very good job!

Love this book and all the books in the series!!

I am always excited when I find a new author. I have read several books from this author and each one gets better than the one before it. The story is about Glen and his friends at school. It may be geared toward teens, but I believe it is really for anyone . We all struggle with self-esteem issues even as adults. It is really hard trying to fit in as you get older. I loved how Glen has continued to grow in his relationship with God. He has become really versed in scripture and I love how he uses sharing it with his friends. I also loved how prayer played a vital part in the story. There is a love triangle between Glen, Nicole and Charlie. I really felt sorry for Charlie. Here is this very popular guy that all the girls like, but his jealousy really eats away at his confidence. It made me think of all the times I wanted to be pretty so I would be liked. After reading this story it has shown me that once again beauty is only skin deep. When we allow jealousy, revenge and lies to take over we find ourselves getting further away from God. Glen is a great character and I have enjoyed watching him mature and find his voice to pray for others. He is a great example of a teen that desires to do the right thing. His ability to forgive is a sure sign of maturing . I did like how the author gave us a bit of intrigue in the story by having mysterious letters sent to someone. Who is sending letters that are filled with hate? Could it be a girl that feels rejected or is it a boy that doesn't feel confident in himself? I loved this storyline because it deals with everyday issues teens face. The author kept my interest throughout the story and I enjoyed getting to know the characters better. The overall theme for me was how important it is to be a friend that can be trusted and to forgive others quickly. I look forward to more books from this gifted author. I received a copy of this book from The BookClub Network. The review is my own opinion.

This is the 3rd book in the series. It is just as good as the others. It continues the story of Glen and his friends. It shows how God is working in his life. The characters are well developed and believable. The story flows well and keeps your interest. Though probably aimed more for the Jr High and High School ages, it is still enjoyable for this grandma. The book was very well edited. This can make or break a book for me. I would recommend this book to those interested in a glimpse into the lives of typical teens in today's world Looking forward to the next book.
