Customer Reviews

I can't believe how hard it is to find a decent puzzle book in the stores. I guess everyone is even doing puzzles electronically now. I like to take a break from the electronics. I can do a word search puzzle and still be aware of what's going on around me and I can stop in the middle of one easily. I like the size of this book, it's easy to take with me. I like the quality of the pages - not the cheap paper that rips when you write on it and you can't see through it. I love the spiral binding as it makes it easier to handle the book - half the book gets tucked out of your way unlike traditional book binding. None of the spiral bound word search products have a picture of their inside pages to see the layout, so I'm posting one. I would find this helpful when selecting a book. This book is not described as a large print book, but the print is pretty large. I wish the grids were larger - more columns & rows would be nice and the word list print was a bit smaller. I think a larger grid would be more challenging. Overall, this is a nice book at a great price for 300 puzzles...check the prices at your local store for cheap, poor books with not many puzzles in it. I'll definitely buy a different book of the same style when I complete this one.

I'm having fun with this little word search book.....the relax factor I receive from doing the searches causes me to give this book 2 thumbs up. Easy to throw in your pocketbook for a doctor or dentist visit, waiting at other appointments or just for lounging at home.

I got this for my mother-in-law and she loves it because she can fold it to lay flat so she can work her puzzles in her chair.

All sorts of different topics and while some words are easy to find, towards the end of the list it can get difficult. I think it's the perfect challenge without being too easy or too hard. Great way to relax!

Favourite wordsearch book, so easy to use with the spiral binder.

I always keep one of these in my bag-of-tricks for keeping Dad (92) or Mom (90) occupied in waiting rooms.

I purchased this book for my mother. The print size is perfect, not too little or too big. The spiral binding and the size make it very easy for her to handle.

I like these smaller spiral bound ones because the puzzles have enough letters to make them a good size, without making the book large with wasted space.
