First of all the music looks like it's very accurate to the CD. These are beautiful arrangements. I gave it four stars because the collection does not include all the songs that were added to the Complete Sessions. You will not get A Case Of You, If You Could Read My Mind, Everybody's Talkin' and Heart of Gold. Too bad. These are wonderful songs. Thank you Diana Krall for your unique treatment of some of the great songs that deserve to be heard.

Great reworks of awesome songs and the arrangements were true to the produced song versions.

This is kind of out of her genre, but I love all the songs on it.

My favorites on this disc are California Dreamin' and Superstar.

The book of sheet music is exactly what I wanted.

Ok! 100%

Personal and intimate with enraptured warmth and lovable musicianship. Diana makes a journey through the time and chose part of the legendary romantic songbook of past decades to make an absolute charming album. This album is real winner and one of the most brilliant ones along the successful trajectory of Mrs Krall. Not to be missed.
