T-Rex Trying And Trying: The Unfortunate Trials Of A Modern Prehistoric Family

Synopsis

From the author of the sleeper hit *T-Rex Trying*, a sweetly funny new collection of drawings of T-Rex and his family being stymied by the modern world—and their unfortunately short arms. Thousands of fans fell for Hugh Murphy's first book, *T-Rex Trying*, which featured T-Rex trying and failing to do everyday tasks, from putting on a cardigan to jumping rope. In *T-Rex Trying and Trying*, the loveable lizard king is back . . . this time with his family, She-Rex and Wee-Rex. Featuring never-before-seen content and the best from the site, Murphy's 120 drawings feature:

- T-Rex trying to take a selfie
- She-Rex trying to catch a bouquet at a wedding
- T-Rex trying to change a diaper
- T-Rex trying to tell people he's choking
- Wee-Rex trying to crawl
- T-Rex trying to measure his inseam
- and many, many more!

An adorable and hilarious book, this is the perfect gift for readers of all ages.

Hugh Murphy is a student at the University of Southern California, Ostrow School of Dentistry. He lives in Los Angeles.

I bought this and its predecessor "T-Rex Trying" for light entertainment on a cruise ship. It was a

good purchase! The whimsical illustrations and ingenious humor helped me relax and enjoy myself. Of course, some of the jokes are better than others, but there are enough really good ones to elicit chuckles and the occasional guffaw. It was the first time I bought an illustrated book to read on my KindleWhite. If you have doubts about using the digital version of this book vs. the printed version, I would say: don't worry. I found it quite readable and enjoyable in black and white on the KindleWhite screen.

When I received my books the cover and a few of the pages had dirty smudges on them. The pages also appear to have gotten damp and dried a tad curly. I usually wouldn't care as much, but I bought it as a gift. I feel bad gifting something that looks used. Disappointed with this seller though the book content is cute and exactly what I was hoping for.

I bought this for my daughter as a "just because" since she is away from home for the first time in her life. She's a huge dinosaur freak. She enjoyed it IMMENSELY. I want to get her the first volume next!

This was as enjoyable as the first book. I'm looking forward to what T-Rex and family will have to face next.

My husband and I love this book. We bought it to read with our young son but we have enjoyed flipping through it and feeling bad for poor little T-Rex

Bought this for my significant other. Loves the book. Took it to work and showed everyone. Spent most of the morning laughing at the different jokes.

Bought this as a joke gift for a coworker who has a thing for dinosaurs with short arms. So funny . . . Almost didn't want to give it away!

I bought this for my family after seeing it at a friend's house. Old and young are enjoying their holiday gift
