Clean

Shepherd and Greene's book is very useful in the High School Sociology elective. I use its term definitions and some of its chapter ending questions, but its best feature are the different stories and special pages infused into the chapters.

Great book,

Love this book...great high school text

Good

Was bought for a sociology class. It is interesting on how people are and how it relates to the phases people are in in their lives.

Very convenient to acquire the textbook this way and save money at the same time. Well written and insightful book for Sociology class.
