Customer Reviews

Brilliant book that is very well written. Excellent read for anyone looking to buy a diamond. Highly recommended.

Buying an engagement ring is not like taking the girlfriend out to dinner. The Ring thing is something

you only do once. To get that wrong is a fatal mistake. Reading this book makes me accept that there is a lot more to know about diamonds. The book was helpful and informative. But all the same I think I would go to Karl Schwantes and ask for advice. He seems to know everything one needs to know about buying a diamond and designing the perfect ring. Read it twice and learnt something new both times. Highly recommend this book to anybody about to make such a massive life changing decision.

I only wish this book had been written sooner! I went through the whole engagement ring thing blind, getting advice from all the wrong people. If this awesome book had been around then, I think I could have made a much better choice and long term investment. Get this before you even think of going to the jewelers

Extremely informative and enjoyable to read. I have purchased a few items since reading 'Rock her world' and I have to say the jewellery and service was exceptional.

Karl is a saviour! Long gone are the days of single men shaking in their boots at the thought of proposing. Now they have the tools they need to sweep her off her feet and carry her all the way to the aisle (with the perfect ring on one hand of course)!

Karl's experience really shines though in this book that so many men wish they had read sooner. A great read that I'll be recommending to anyone preparing to ask the big question.

A great book for any guy looking for tips on the perfect proposal. I purchased this for a friend who needs all the help he can get. Karl certainly knows the way to a girls heart.

Yes! What a wonderful book - I have 2 daughter - will definitely be recommending this book to the boys!
