I enjoy every moment of reading books by Faith Johnson. This story is about a young woman who's Father wants her to marry the man he chose!!!!!! See what happens next!!!!

I realize she wanted away from her father but the idea she didn't want anyone to ever protect her or take care of her defeats the purpose of marriage. She should've tried to find work or something else instead of marrying a poor man that would never receive her respect. She was glad her husband respected her but she refused to respect him and let him take care of her. He sure did a complete change at the end to suit her - how convenient for her. And how can she love him at the end? I saw not one ounce of love from her in the entire story. Granted it was a short one but I only saw a defiant child that only wanted to do what she wanted to do not a woman that was falling in love with her husband. Especially since love comes from respect and she didn't respect him.

A great book. A young lady who had lost her Mother when she was small had taken care of herself and her Father after he started drinking. He came in one day telling her she was to marry his friend an old man. The girl ran, then met up with a woman who took her west to marry a farmer. Always thinking for herself she didn't want to be told what to do. A must read for those who enjoy historical western romance kindle books from at a special price and from a delightful author who keeps me wondering what next for the characters.

I very much enjoyed this story, Ms Faith kept her characters in this tale of romance and adventure to a wonderful ending. I enjoyed the Mail order brides series, a woman had to be brave to travel out into the world not knowing what was ahead for her.

This is a story about a young woman with strong confidence in her own abilities to take care of herself. Her husband ,Tom ,had strong traditional values. This couple. Had some clashes but in the end they were able to work things out.
