Customer Reviews

This book tells you everything you need to know about care of your little furry friend. Many small

things you need to know about keeping him comfortable and happy as well as the big things. Such as, I didn't know you were not supposed to bath a Chinchilla! This is important! I would recommend this book to anyone who is considering owning a Chinchilla as well as to those who are already owners. Thanks Thomas for such a great book!

Lots of great information in this book! We're getting ready to adopt a couple of Chinchilla's soon and this book helped us find out everything we needed to know.

everything you need to know about Chinchillas. Very helpful book.

Useful read. I have been considering what kind of smaller pet to get as company in my tiny apartment, and wanted to look into chinchillas as an option. This gave me lots of useful info to help me make decisions. A good read for people who are as clueless as I am about these friendly critters. Probably won't be useful to anyone who knows much about them, though.

Very informative book!

This is a great resource for a first time owner. My breeder agreed is is a great book! Loved everything from grooming, to feeding, to overall husbandry.

I liked it. It was really informative and helpful. Easy to read. I would recommend this to any chinchilla newbie

We purchased this book for our 10 year old son who is planning to get a Chinchilla for his birthday later this year. The book was easy to read and understand and my son enjoyed reading it. He now seems pretty knowledgeable and can answer most questions we ask of him about chinchilla care. We have had him also do online research to further his knowledge so that we feel he is well prepared for being a chin owner. I would say the book covers basic information but that you should probably find other sources to supplement this. The disappointing thing for my son was the fact that right in the middle of the book there is a "Exclusive FREE offer" for anyone who has purchased this book to be able to join a chinchilla club. The club is supposed to offer discounts on food, supplies and other goodies. However, when I went to sign onto this site, it went to some puzzle site NOT a chinchilla club. I tried several times in case something was misspelled or something, but apparently

it's just a puzzle site. My son was pretty excited about this club and it's very disappointing to see that there is no such place. Other than this disappointment, we would recommend this book for anyone who is new to the world of chinchillas!
