Customer Reviews

My son (2 years old) LOVES this book. We read it every night and he loves touching and interacting with the pages.

My 6-month old baby LOVES this book! It's been her favorite for over a month now. I read it to her a few times a day since this is the only book she really enjoys. She usually becomes distracted after a few pages, but not with this book. She especially loves when I lie next to her on the baby blanket and hold the book just above us and let her touch various textures.

My daughter's very book. Great size for little hands, Bright colors and textures for curious toddlers.

One of my daughters favorite books!! She loves to feel all the diff textures and I love that we are teaching her ABC's as we do it. Highly reccommend!

Grandson loves it

Love the book itself, but the quality was not good. Hair was falling out of the kitten, a flap wasn't glued on all the way, the yarn for the hat was coming apart. Plus, the edges of the book were pretty beat up. I wish I would have just had Barnes & Noble order it for me instead of buying it off .

Great

Very happy with my purchase
