Pregnant For The Alpha

Synopsis

Someday Mikey will find his alpha. The independent young jaguar shifter hopes that day is far in the future... even if his need for a mate becomes unbearable every time he goes into heat. When Mikey returns to his hometown, the last thing he expects is to find that fated connection. Especially with the pride alpha, the devastatingly handsome Lukas Waverly. While Mikey would prefer to take things slow, Lukas has powerful reasons to put a baby in him as soon as possible. Is Mikey ready to get pregnant for the tiger alpha? (Pregnant For My Alpha is a 150-page M/M paranormal romance featuring feline shifters and male pregnancy. Standalone with no cliffhangers and guaranteed HEA!)

Customer Reviews

What a charming book the writing was good. The plot was entertaining and it was steady throughout the book. I found the story and characters likeable. The characters were well developed and thought out. Mikey is an Omega and Lukas is an Alpha and they are the MC's of this book and mates. There was humor, tiger shifters, jaguar shifters, betrayal, mates, family, a movie, a baby and

so much more in this book. The only thing that I really didn't like is I felt like Mikey gave in up in a way. Without spoiling the book, I can't explain much but it was like who he was overshadowed by the mating. But overall it was all good book. Here is a quote from the book, "Um Alpha? What is it? What is it? I forgot to tell you something. The seats started to move forward, and my stomach did a backflip. I'm terrified of roller coasters. What am I going to do? I asked, digging my fingers into his flesh. What! Am! II Going! To! Do! Calm down, omega. His voice was soothing, or would've been if we hadn't been in the middle of a death trap. Can't calm down. You wanted to do this," he reminded me. "You told me you like roller coasters. I like the part where I'm alive afterward," I said. "But this time that part's not going to come, because we're all going to die!" There is more but you will need to read the book which I can recommend as a good read. I voluntarily read an advance copy of this book for an honest review.

Mikey's dream is to be a successful screenwriter, so he moves to New York to try and achieve his dream. On a rare trip home, he goes into heat and meets his Alpha, Lukas, who's is also the Pride alpha. Lukas' brother thinks he should be Alpha, because he already has a family, so Lukas convinces Mikey to try for a family right away. Mikey ends up moving home to be with Lukas, but continues to work on getting his screenplay made into a movie. The brother continues to be a nuisance, but says he'll wait for the baby to be born to challenge Luke. The brother does try to discredit Luke, going so far as to kidnap and drug him, but Mikey brings a friend with a camera and to rescue him. He ends up getting forced out of town before he can challenge Lukas. Lukas wants Mikey's movie to be made, and he's tired of Mikey getting kicked around by a industry person. So he finds a way to get it made without funding it completely. They also successfully sue the other guy for trying to steal the screenplay. This was an okay read. First of they are shifters, but they don't shift until the epilogue. There wasn't anything wrong with the writing, but it wasn't great either. I think Mikey was 25, but he seemed juvenile. This book is closer to 2.5 stars

This is the story of Mikey, struggling scriptwriter, and Lukas, leader of The Pride, who's brother Joseph is trying to take over as he's married with children! Mikey has a meeting with Herman, a movie producer, about his screen play which Herman says needs work! This upsets Mikey so he goes home to North Hanglake to spend time with his mum! After 5 season in heat his mum tells him

that his mate is out there! After meeting with his friends, Kaye & Peter (humans) and Tony, a shifter photographer Mikey gets this overwhelming feeling that his mate is close. Lukas finds Mikey, on the ground with Kaye, she tells Lukas that Mikey's in season and doesn't know what to do! Lukas takes control, scooping Mikey into his arms and taking him to his house! Mikey knows he's found his mate, but Lukas upsets him when he tells him that he wants to put a baby in him. He doesn't want a baby he's going to be a famous screenwriter!!! There are plenty of twist and turns with both Joseph and Herman that keeps you gripped to the end. A very enjoyable read.

Mikey is jaguar shifter and an omega. He is coming into heat and really wants to find his alpha. On returning home he is walking past the group leader Luke Waverley's house when he collapses, overcome with his heat spasms. Luke comes out and collects him up taking him into his house and Mikey knows he has found his Alpha. The one problem he has is that Luke wants to begin a family immediately whereas Mikey wants to wait a while. This is a very hot story. While not a fan of Mpreg, this is very well written and also very hot! There is more to the story than just Mikey finding his mate but also the problems Luke has with his brother wanting to take over. All in all not bad way to spend an evening reading.

Mikey and Lukas make this story so enjoyable mikey is a sweet omega who wants to meet his alpha but has a plan for his life and he doesn't want his writing to stop because he meets his alpha. Lukas is the alpha of the small town Mikey is from. He's a good alpha but his brother thinks he'd be better. Lukas meets Mikey when he comes home for a visit and when they meet sparks fly. This book is interesting and a good, easy read with little angst so if you love a love story this could be the book for you. I voluntarily reviewed an advanced readers copy of this book.

Mikey and Lukas are the main characters in this cute, quick read. I enjoyed the storyline, but felt it could be expanded into a longer story. I felt the connection between Mikey and Lukas, even though it's a true mate connection and instalove, I did see it. One big con in my eyes is that the 2 main characters don't even shift until the epilogue; we know there is a Pride but there is very little insight into the world of shifters. All in all it was a good solid book that I will reread. 3.5 stars
