Price Stern Sloan publishes fun and engaging books in a variety of formats, including board books, doodle books, activity books, novelty titles, and of course, the classic Mad Libs.

Classic MadLibs. I bought this for my 9 year old for Christmas and she was delighted. It's a great way to teach/reinforce parts of speech and the absurdity of the stories lends to teaching choosing appropriate words in more serious writing. Very fun, and educational!

I have loved mad libs since I was a child. I found wedding theme mad lib and couldn't pass it up for our wedding. My husband and I had fun filling these out.

These Mad Libs are great. We have the app and enjoy that also, but my 8 year-old daughter likes to

physically write them in the book. They are good practice for parts of speech and entertaining for the family. I loved these when I was a child, so it's fun to do these with my children.

Loved mad libs as a kid, now I share with mine. Great for waiting in restaurants or stuck inside on rainy days. Keeps my kids occupied and not fighting. Also reminds my young learner what a noun, adjective, etc is over the summer.

My daughter loved this book. She use to do Mad Libs all the time when she was a little girl, so the throw back was fun.

My 5-year-old son loves filling these out and it is a fun family activity. I love the learning aspect of mad libs and have fond memories of them as a child myself. I would highly recommend!

This is the perfect Mad Libs for my 7 year old girl. Not all Mad Libs are appropriate for younger kids, but this one is perfect! We have a lot of fun doing them as a family.

Stocking stuffer for Christmas. We love these.
