Miami Beach is a "vacationland" where people develop a tension amounting to a frenzy in pursuit of pleasure and relaxation. Meals are banquets and menu-reading is an elaborate daily ritual. Everything in Miami Beach is over the top and Harold Mehling describes the history of this city back to its origins till 1960, the book's publication.

What Harold Mehling knew and wrote about then, still stands for everything you see in Miami Beach now, this is the most important book to start with on the subject. Then, go and read it's modern day update called "Fool's Paradise" by Steven Gaines, of course if you didn't come here from that book reference in the first place.
