Published in 1937, Vandercook's Dark Islands gives the reader a true feel for pre-WWII, pre-Michael Rockefeller (1961) Papua New Guinea. Putting aside the occasional outdated phraseology, Vandercook's read takes us through the mud, the sego, the valley of leeches and all things raw on Papua's south coast as well as in the Solomon's and in Fiji. If you're planning to visit any or all of these areas, this book is a must read before reading Hoffman's Savage Harvest.
