Customer Reviews

As my heading says I loved this book. It was short and straight to the point. A great read and very necessary for all types of women. I would definitely recommend to my girlfriends in and out of the

"lifestyle" because we are all in it whether we know it or not. It's how you play the game. Fabulous read!

She goes over it all. Not literally but she covers the basis. She digs deeper and addresses the things people need to know. Good read and has you wanting more. Very relatable and gives you adoptable points. I ran across Cutty a few yrs ago online and she's been my #soulsister every since. You should get much more out of this book than the title.

I've been following Alex for years now, ive always admired her boldness maybe because I am a fellow Leo and I am the same way! When I first started following her it was on IG, since I wasn't very hip to twitter, now I look forward to her on SnapChat! This book was EVERYTHING I expected from her! I wish it was a little longer but honestly she packed this book with so much info in just being greedy now! Thank you Alex for a phenomenal, insightful, informative book!

I follow the author on social media and always look forward to her witty and honest opinions on all sorts of situations. The book was everything and more than I expected! I really enjoyed the transparency, advice, and inspiration. I felt every part of it as if an older sister I never had was talking to me giving me such good insight on men. I would suggest this book to all women because the information is valuable and covers a multitude of situations with a different perspective that can be helpful in relationships or situationships.

I don't know where to start, but I picked this book up this morning literally finished it in one setting, because I couldn't put it back down! This book is about a journey, it has important lessons and most importantly a sense of morality that one would not expect. I laughed, gasped, and saw myself in many of the descriptions that Passport Cutty outlines. Regardless of your age, this is a timeless piece that every woman should read! It's about standards and self respect! Bravo! Job well done!

Very easy read! Just like Cutty, I too had a hard time finishing anything, especially books. I was entertained and intrigued the entire time and actually wanted to keep reading. Not sure if it was a placebo effect, but I started getting money from a guy I had been seeing for over a year now literally one week after finishing the book. I seriously wanted to personally thank Cutty the first time it happened because it was SO easy. After the second time he just handed over cash, I wanted to schedule a coaching call to make sure I could keep this going. I'm still Miss Independent, but I'm

becoming a pro at hiding it. Loved the book, looking forward to more!

I really enjoyed reading this book. This book is not only for gold diggers. Its for anyone who wants dating, relationship, financial or even personnal advice. I went to high school with Alex and I'm always rooting for my fellow Cathedralites. This book gives you an insight of what struggles people go through. After reading this book I felt like I was not alone and it's ok if you do not know what path you are going to take. There is always room to turn your life around and to accomplish your dreams. Keep it up. Can't wait to read the next one.

This IS NOT a gold digger's how to guide... No! This is a conversation between you and the one real friend you have telling you to stop playing and boss your life up! Get his money but get your own also! I expected funny and honesty... I did not expect so much transparency and RAWNESS! Half way through I tried my hand with the tips and came home to a brand new laptop 2 days later! Then the second half forced me to take a look at my own life and see areas I need improvement. When she said she never finish anything... I cried like a baby, because that's my life! Upon completion I sat down and wrote out a plan, set deadlines, and created a budget! The relationship advice highlighted areas I need to work on before settling down. I'm not as ready as I thought! There's something here for EVERYONE! Grab a glass of wine and dig in... you won't regret it!
