# Kansas City: A Photographic Portrait

## **Synopsis**

Sitting at the crossroads to the west, Kansas City is a sparkling jewel on the prairie with world-class museums, beautiful and inspiring arts, restaurants with inventive and delectable foods, an abundance of parks and wide-open green spaces, and spectacular fountains. The country was explored from here, beginning at the banks of the Missouri River, which bisects the city. Many stopped in Kansas City to purchase goods and load wagons before heading west on trails that led to gold, land, and the ocean. But many also stayed, building a friendly and hospitable town that is as rich in culture as it is in history. These photos present just a hint of what Kansas City has to offer.

## **Book Information**

## **Customer Reviews**

A creative professional with a passion and love for art and photography, Roger welcomed the opportunity to take a fresh look at Kansas City's iconic landmarks through his lens. Using his creative eye and 25 years of experience, Roger enjoyed capturing his hometown's fountains, parks, museums, and other sights. He is a capable travel, portrait, and corporate photographer and has triggered his shutter across the United States and abroad, capturing stunning landscapes, architectural marvels, and the emotions of candid snapshots.

I got this book for my mom who is 84 and was born and raised in Kansas City MO and living in California. She has the beginning of dementia and needs to keep busy and use her brain so I thought that a book that would take her back to her hometown would be great. She cannot put it down and said she has learned so much more about the area. She found a picture of a building that she entered in a dance competition when she was a little girl. This book has brought her so much

joy in her life and has really helped her with her dementia as it has brought back so many memories and happiness.

The essence of Kansas City. Even for someone that thinks they know Kansas City. See from unique perspectives and learn all new inside information!

Best photography of Kansas City. Highlights all the main attractions beautifully and makes a great coffee table book. Love it!
