Shipping Weight: 5.6 ounces (View shipping rates and policies)

Average Customer Review: 3.9 out of 5 stars 13 customer reviews

Best Sellers Rank: #284,169 in Books (See Top 100 in Books) #63 in [Books > Children's Books > Education & Reference > History > Medieval](#) #4288 in [Books > Children's Books > Activities, Crafts & Games > Activity Books](#) #7764 in [Books > Crafts, Hobbies & Home > Crafts & Hobbies](#)

Age Range: 9 and up

Grade Level: 4 and up

Customer Reviews

I purchased this coloring book because it is used in one of our history curriculums. I can't say it's my favorite historical coloring book, but there's nothing overwhelmingly wrong with it. Favorite or not, it will be used, and I'm sure the kids won't complain. 4 stars for being nice, but not the best out there.

I like this series of coloring books as wonderful line drawing references for use in art....they are fun and meditative to color with colored pencils as well when you are in a funk.This book has many classic medieval illustrations that are very cool.

I bought this one for my son and he loves this book. I finally found something that gets him away from the video games.

It's a coloring book. It's hard not to do it passably well.

Great coloring & history book! I Love the Middle Ages!!!

It's not as great as some of the Dover coloring books I've bought, as far as the graphics, but it's okay and serves the purpose.

I was disappointed with the simple, comic-like drawings in this book. I found more detailed, real-life, and accurate pictures by doing a simple online search. This book is used for a home school curriculum we use (History Odyssey), and I had decided to buy another, similar coloring book (Middle Ages from Dover Coloring) instead of this one. After a few weeks of trying to find similar pictures in the other book, I gave up and ordered this one. The pictures, which are drawings of actual art from the Middle Ages, aren't horrible (except the one of Charlemagne; who drew that one, a 12 year old?) but they aren't that great either. (Maybe that's just the way Middle Ages pictures are...?) My kids like the book, so I will use it, but I won't waste my money again on a coloring book before trying an image search online.

I bought this book as it is required for Pandia Press' History Odyssey, Middle Ages, Level One curriculum. When I read the other reviews, I thought to myself, how bad can a coloring book be? It has the ugliest artwork of any coloring book we have ever owned. The drawings look like I did them with my left hand (I am right handed) in that the lines are wiggly and sort of drunken. This book completely lacks the enticing details that make other coloring books for medieval times fun and beautiful. Even if it meant that on some lessons we did not have an appropriate drawing, I would definitely choose another book over this one.
