## Synopsis

Learn how to do all of your own home repairs with this comprehensive, visual guidebook! When something breaks in your house, finding and hiring an expensive repairman shouldn't be the only option for homeowners. Next time your faucet springs a leak or that bedroom doorknob punches a hole in your drywall, fix it yourself with help from *The Complete Photo Guide to Home Repair*: a one-volume encyclopedia of do-it-yourself fixes that will save you money, time, and frustration. With 350 projects offering clear instructions and over 2,000 photos to guide you through common repairs, *The Complete Photo Guide to Home Repair* is your one-stop DIY manual. Formatted in a compact size and arranged by general subject matter, this comprehensive book includes directions for repairing the primary trouble spots: plumbing, wiring, windows and doors, flooring, furnaces, water heaters, wall coverings, and more. You'll find lists of necessary tools as well as expert tips. A few of the repairs covered include: Repairing water damaged walls and ceilings Removing wall and ceiling surfaces Installing entry doors Repairing gutters Staining siding Replacing a water heater Quieting noisy pipes Replacing a toilet Troubleshooting home wiring Home codes change often; that's why this fourth edition of *The Complete Photo Guide to Home Repair* has been scrupulously updated to conform to the most recent guidelines for plumbing, wiring, and structural and mechanical systems. No other handbook of home repairs can make such a claim. When you flip open this book, you're getting the most up-to-date advice available.

Loved it

Book was helpful and shipped quick

It is very informative and I like it a lot.

My husband and I gave this to my dad for Christmas. Now he's driving my mom a little crazy because he wants to fix EVERYTHING! It's a great book, with a lot of helpful photos. I highly recommend it, especially if you have a long "honey-do" list.

This book really helps with do-it-yourself projects. It also helps to decide whether or not the home owner should do the project themselves or hire an expert.

The book is not the normal big size which means the print is small and difficult to read. It does have a lot of clear information and the pictures are well done.

This is an updated and excellent aid to anyone involved in DIY home repair. The photos are excellent and the instructions are easy to follow. The book also contains very good explanations, and covers a wide variety of topics.

This book is amazing!!!!!! I do have some knowledge on home repair, but for me this is so much better because of the illustrations and pictures. It is one thing to explain something, but to actually see it is of immense help.
