Customer Reviews

Book by HOSPICE AND PALLIATIVE NURSES (HPNA)

All offerings, I later found out, were outdated versions at a much higher cost than the version offered at the Hospice and Palliative Nurse website. I feel like I wasted some money.

a very good resource for the hospice and palliative care nurse practitioner. I plan on learning as much as I can and this should help.

The updated version (3rd edition) is available from NHPCO website for half the price. This book is a great resource but you don't need to waste your money.

Every nurse preparing for the Hospice and Palliative Nursing certification exam should have access to a copy of this book. It is a complete, concise overview of the field in one place.
