Alaska: Four Inspirational Love Stories From America's Final Frontier

Synopsis

The bleak wilderness of America's 49th state challenges three women in different eras: Julie, a nurse, who must serve victims of a 1925 diphtheria epidemic; Beth, whose Canadian-born husband is killed in World War II; and Rita, who takes on the ultimate test of endurance, the Iditarod dog sled race. Each must surmount the obstacles of her life, and perhaps, with God's help, find true love as well. As a special bonus, 'Alaska' also includes Tracie Peterson's novella 'Christmas Dream.'

Book Information

Paperback: 464 pages

Customer Reviews

Julie Erikson has had one goal in life: to become a nurse and provide medical care to the people of Alaska. To pursue that aim, she left her family to study in Seattle for five years. Returning home to Alaska in October 1925, Julie meets handsome Sam Curtiss. A devout Christian, Julie believes marriage would end her nursing career, so she refuses to encourage Sam's interest in her. Does true love conquer all? It wouldn't be a romance novel if it didn't. There is nothing challenging in Jamison's (Iditarod Dream, Heartsong Presents, 1994) tale, but that just may make it the perfect book for some readers. Recommended for public libraries. Great Series

Bought this series for my Mom, who loved them and read through all three books in very little time.

Love it, thank for getting here so quickly and in good condition. Good read for a rainy afternoon, curled up with a blanket.

Four easy-to-read Christian love stories which cover the same family through the generations. The stories give you a sense of the difficult but beautiful life in Alaska. I loved it and bought one for my daughter too.

A definite Tracie Peterson fan!

Do you like romance? Do you love adventure? Do you like history? Do you love God? I do and they are all here. It is really four books in one, about three generations of the same family at different historic moments in Alaska's history. I'm a sucker for romance novels (and believe it or not, I'm a guy).

I thought I should write a review. I finished this book in about two days. I love historical fiction and this is pretty good. I was encouraged by the characters faith in God and even learned a few things about myself. Great book!

I picked this book up because I'm going to Alaska and wanted to get myself excited for the trip; unfortunately, this book really didn't help much. Although it did get into the Iditarod, dog sledding, and blizzards, it really did not cover the culture of living in Alaska like I thought it would--and let's not even talk about the characters. As a Christian woman, some parts of the book (such as Rita Eriksson's fight to be independent of God) were definitely realistic; however, in the end it seemed as if every single character, even the less important ones, were model Christian citizens, and because of that these stories lost much of their [realistic] appeal.
