Butterflies Coloring Book

Synopsis

Butterflies can be found in a very large variety of colors and patterns to their wings. A coloring book about Butterflies can help release a child's creativity by allowing for an endless array of color potential. The freedom to color and design any pattern to a butterfly wing is a liberating experience for exploring creativity. Explore new patterns of color combinations or layering of one color over another while gently scratching away the top color to new create custom patterns.

Product Dimensions: 8.5 x 0.1 x 11 inches

Shipping Weight: 6.4 ounces (View shipping rates and policies)

Average Customer Review: 4.0 out of 5 stars 10 customer reviews

Best Sellers Rank: #304,068 in Books (See Top 100 in Books) #48 in Books > Science & Math > Biological Sciences > Animals > Butterflies #71 in Books > Children's Books > Activities, Crafts & Games > Activity Books > Coloring Books #1904 in Books > Science & Math > Nature & Ecology > Fauna

Customer Reviews

At Speedy Publishing, we envision our company and publishing arm as being a premier publisher of quick-reference materials, useful reference books, fiction books in all sub-genres and creative non-fiction to both entertain and assist readers worldwide in reading a fun and exciting books and also accomplishing their educational and professional goals. We continually update our products, ensuring accuracy of information, making sure they are fun and entertaining. Our products are always available in whatever format our readers need.

Art books these are not...they are ads for the print coloring books published by Jupiter Kids, Coloring Therapist and Speedy Publishing (all same place). The samples are reused for some of their other coloring books...we have no way of knowing exactly which designs are actually in each book. What good are they for Kindle Users...None. When we buy coloring books in stores we can look inside to see if we like the designs and check for designs we already have. WHY Not Here On

??Designs pretty basic but mostly for older children.

The coloring pages are simple with only butterflies and no backgrounds, but the butterflies look pretty nice. I'm not sure if this is just a small selection of the pages since it's free (I counted only 14 butterflies), if it had more pages I'd probably buy it since I'd like to add in my own backgrounds anyway. I like that most of the butterflies are more realistic and there are only a few zentangle types.

Many variety of butterflies. Each butterfly is different. Labeling the names of the butterflies to learn the different types of butterflies, could be educational. Kids might notice the differences more if they are labeled also. I know these are for kids, but they look almost too simple. Maybe trees, flowers or some kind of background would be nice.

Cute and beautiful book full of lovely butterflies. I was given a PDF copy of this book for my honest review.

My daughter loved it!

Bought for my wife. She likes to color while answering calls at work. She was very happy with it.

Great book. Beautiful detailed designs. Hours of coloring ahead of you.

OK
