Rail-Trails West: California, Arizona, And Nevada

Synopsis

With 70 rural, suburban, and urban trails threading through 1,050 miles, Rail-Trails West covers 60 trails in California, eight in Arizona, and two in Nevada. Many rail-trails offer escapes from city life, like the Mount Lowe Railway Trail, high above the buzzing Los Angeles basin on a rail line vacationers once took to a mountaintop resort. Others offer the pure sensory thrill of sweeping terrain, like Arizona's 7-mile Prescott Peavine Trail. Still more juxtapose the natural world with the railroad's industrial past, like Nevada's Historic Railroad Hiking Trail, which passes through five massive tunnels to reach Hoover Dam. Every trip has a detailed map, directions to the trailhead, and information about parking, restroom facilities, and other amenities. Many of the level rail-trails are suitable for walking, jogging, bicycling, inline skating, wheelchairs, and horses.

Book Information

Series: Rail-Trails

Paperback: 264 pages

Publisher: Wilderness Press; 1 edition (April 15, 2009)

Language: English

ISBN-10: 0899974899

Customer Reviews

The Rails-to-Trails Conservancy is a nationwide non-profit dedicated to converting former railroad corridors to public, multiuse recreational trails that offer easy access to runners, hikers, bicyclists, skates, wheelchair users, and equestrians. Other books in the official guidebook series published by Wilderness Press include Rail-Trails Mid-Atlantic, Rail-Trails New England

Helpful guide to my now favorite trails.

This book was a very well priced book and in great condition! I will continue to purchase thru this

site!

Not much substantive content, as most of the rail-trails are only a few miles long, or less.

Really like this book. Have used several times and very accurate. Just wish they created index.

Made my own spreadsheet showing state, city, length and difficulty.

Haven't had the chance to try any of the trails in the book but am anxious to get going. Some great ideas for weekend rides.

I love all these guide books, handy
