Three Black Swans

Synopsis

Lives are in the balance in best-selling author Caroline B. Cooney's newest young adult thriller, *Three Black Swans*. Missy and her cousin Claire are best friends who finish each others' sentences and practically read each others' minds. It's an eerie connection so eerie that Missy has questions she wants to put to her parents. But she's afraid to ask. So when Missy hears an expert discussing newborn babies on the radio, it makes her wonder about her family. Missy just can't let go of those nagging questions, and decides to use a school project about scientific hoaxes to try to uncover the answers. She enlists Claire to help. As part of the project the girls perform a dramatic scene that is captured on video at school. After the video is posted on YouTube, Missy and Claire realize that they've opened Pandora's box and much more than they ever imagined has come out. Not only are their identities called into question, but so is the future of everyone involved. In this riveting, heartrending story by thriller author Caroline B. Cooney, the truth changes the lives of three families as the bonds of blood must withstand the strains of long-hidden secrets that are at last revealed.

Customer Reviews

I thought the book was good but not great. It was a little confusing in the beginning but it got better. I gave the book 3 stars because while it was fairly good it could've been a lot better. Also it was not one of those books where I couldn't put it down. In fact I really didn't want to read it too often.

I enjoyed the book "The Three Swans" quite a bit. It was a fun short read. Although it was short, the

characters were still relatively well developed, and there were a few twists and turns that made it not so predictable. I enjoyed the family relationships that were shown through out the story. We need more family centered books. Overall I would recommend it to all of my 13 - 18 year old friends.

Very good, quick read. Kept me entertained. Interesting plot twists. I would recommend it for a teen who likes mystery, or an adult who enjoys mysteries/thrillers, but doesn't want the heavy subject matter of many adult mystery/thriller books.

Very Nice Appropriately priced

A page turner. Unexpected twist at end.

it was interesting and kept mw wanting to read more at all times. Very good book for a kids discussion.

This was a book that was bout for my niece while she was visiting during the summer. I have no idea or know anything about it. She was glad to get the book and never said anymore.

I love this book. It has suspense, twists, turns and a wonderful story. I recommend this to everyone. It has a great message and it is written very well.
