Customer Reviews

These are the original stories. They are very outdated but enjoyable reading about how life was long ago.

These are fun books about lively children who have many adventures However, if you read them all, some of the story line gets familiar, although the scenery changes.

I had to force my son to put it down to get his school work done

These stories are classic and still fun for younger readers. Gentle stories, reminders of a different time. I loved them as a child and love rereading them with nine year old Grand Girl.

Good fun, clean reading :-)

Read these when I was younger....amazing how different the way of living is then to now. Have to say tgise twins get lost a lot that it's really annoying!

Happy

i love this book it made me feel sad at the sad parts and it made me smile a big happy happy grinth
