Customer Reviews

I read the book straight through, listed page numbers, and made notations on a post-it note. One third of the ideas are ones I can use right now for the group I am working with. There is a Scripture index at the back of the book to help match games with Bible stories and verses. Each game has "extra impact" ideas. Some of those are very valuable, too. The ideas are quick and easy activities, discussion prompts, Bible references, or snacks to make. I've only had the book a few weeks and have already used several ideas. The list I made only pertained to the group I am working with, 5th and 6th graders. There were other great ideas that would work for younger children. The format makes the book easy to access and use. I'm in an adult group and two of the ideas were great

ice-breaker activities which I did with them. They loved them, too. This is a great resource!

Games 110 makes Bible Lessons into Child's play...literally. The easy to lead games helps children learn Bible Truths through creative games. Push the tables and chairs to the wall and let the children learn while they do what they do best... play. Each game has insightful and well written questions children will be eager to discuss after the game is played. Now that's age appropriate teaching! Try Stop Thief (p.106) with your preteens and see how much fun you can have with cotton balls and how much you can learn about Jesus' the good shepherd!

Save your money and don't buy any other book! This one has it all!! Kids love the games. They are easy to set up, fun and easy to add just the right message for your worship audience.

"This is another great resource for those days when you don't have much planning time for Sunday school. The book includes low/moderate to high energy games and a scripture index so you can find just the right game for every situation, group size and Bible story. A real must have!"
