Atlas Of Hand Surgery

Synopsis

Covers the hand surgical techniques the non-specialist needs to perform. The book takes a 'one-stop' approach, each illustration is accompanied by a detailed descriptive caption, eliminating the need for flipping back and forth through the text between illustrations and descriptions. The book's step-by-step illustrations are by a single medical artist, assuring high quality uniformity throughout. Features: * Practical one-stop resource demonstrates common hand surgery procedures * High-quality step-by-step illustrations * Detailed descriptive caption supports each illustration
