My dear Reader, This book was really a delight to write. I laughed while I was writing it, I cried and I felt at peace passing on the knowledge I have. My imagination sometimes flew where I didn't expect it and it was such a delightful surprise seeing the sentences coming out through my fountain pen... Oh yes I still write with pen and paper since this is the way i feel the words flow directly from my heart into the paper. The story is endearing. It will melt your heart and at the same time it will

show you how you can use some of the tools I used in my last internationally sold book ASK AND YOU SHALL RECEIVE, and this time you WILL!Ã I did go through many miscarriages that took me off track but when I finally got in track with a big belly and a little angel inside, this book came to life giving me the opportunity to show you another way of seeing many things related to marriage and parenthood.Ã Do not miss the opportunity to open up to different possibilities and if this book sounds pleasant to you, don't hesitate to read it!

Great book, a must read for somebody trying to get pregnant, pregnant or going through infertility. Nice sweet explanation of what to do in any of these situations. Will leave you thinking of how to be a better parent.

You start reading the book and do not want to stop till the endFantastic! Enveloping.... Touches the bottom of your heart!

Could not put this book down. The tenderness of all the characters and the romance there is makes this book flow with tenderness towards many unexpected scenes. A different but interesting point of view of angels and earth.
