Melanie Muenchinger is a senior designer and illustrator at Gina K. Designs. She has created nearly 50 stamp sets, and her work has been featured in *CardMaker* and *Crafts 'n Things* magazines. She lives in Austin, Texas.

I absolutely love this book. The graphics are beautiful, the text is so easy to read, and the instructions are clear, and easily understood. Melanie has made it easy for anyone to become inspired without being intimidated. The stamp sets she designs are versatile and easily obtained, but her book makes it possible to adapt any stamp sets to her projects. No matter how long you

have been stamping, this book is a must-have.

I do enjoy the cards and information shared in this book. The photos are clear and the instructions match those photos making it easy to follow instructions on how to recreate an image. There are some cards that are on the easy side and some others that are abit more involved. anyone looking for new ideas or inspiration for cards this spring/summer should look to this book. The flowers are so beautiful.

As usual Melanie's book is superb! Great inspiration with easy to follow directions. Or use as a jumping off point to expand on her ideas and create your own with those basics. You will never go wrong buying anything that Melanie publishes. Go to Stamp TV for more inspiration from her.

Has tons of instructions on shading ,blending, the correct colors to us on what part og the flowerd....I myself dounf the blemding /shading most useful....I own all their books and I suggest you do the same if you are a newbie and serious on learning to comic the right way

i definitely like the book, however, with several references to the stamp set, i thought or had hoped the stamp set was included. it was not clear, but understood it was included: (pg 6 & 7 - back cover)THE STAMP SET MUST BE PURCHASED SEPARATELY!

Great book, easy yo follow and use as long as you have the supplies on hand. I have made many of the cards in this book and they have all gotten rave reviews

This book has some great ideas but I feel is designed for the beginner. I have been making cards since 2003 so I have learned many of these things through Stampin Up and Splitcoaststampers.

Beautiful book by Melanie showcasing her 'Year of Flowers' stamp set
