I'll admit right off the bat that I don't own a dutch oven....in fact, I had no idea what a dutch oven was.....well, I didn't until I got this book! The recipes in here are really simple and the format is very easy to read. There are over 100 super yummy recipes that require very little work and hardly any clean up, and who doesn't love one-pot cooking? I immediately ran out to purchase a dutch oven so I could try some of these recipes. The Spicy Indian Butter Chicken was my first foray into Indian cooking at home, but it came out really delicious! I love that the cover is coated in some special film, as I've gotten mine pretty dirty and yet it wipes right off! I would recommend this to anyone who has a dutch oven and if you don't have one, I recommend you get one because this book is chock full of yumminess!

Pretty disappointed when the first recipe I tried was incomplete. Listed an ingredient that wasn't used in the instructions and then the instructions didn't have you add the garlic and onion mixture back in.

Thank you for the amazing recipes for me to fall in love with my Dutch oven.It will definitely be an heirloom .

Great book

Great book

You don't really give much time to cast iron

No pictures and little description.

This is a good book. A little more than I actually wanted, and it is mostly for coated dutch ovens, which I don't have.
