Sinister (The Wyoming Series)

Synopsis

New York Times bestselling authors Lisa Jackson, Nancy Bush, and Rosalind Noonan unite their talents in this riveting novel of family secrets, obsession, and murder. . .A Killer's PatienceTwenty years ago, a fire ravaged the Dillinger family's old homestead, killing Judd Dillinger and crippling his girlfriend. Most people blamed a serial arsonist who'd been seen around town. But strange things are happening in Prairie Creek, Wyoming, again. Will Be RewardedIra Dillinger, the family's wealthy patriarch, has summoned his children home for his upcoming wedding. Eldest son, Colton, and his siblings don't approve of their father's gold-digging bride-to-be. But someone is making his displeasure felt in terrifying ways, setting fires just like in the past. Only this time, there will be no survivors. In BloodAs fear and distrust spread through Prairie Creek, soon all the Dillingers, and those closest to them, are targets--and suspects. A killer has been honing his skill, feeding his fury, and waiting for the moment when the Dillingers come home--to die. . .

Sinister by Lisa Jackson, Nancy Bush, and Rosalind NoonanA very good, well written mysstery. The

only gripe is that the main characters as listed in the beginning aren't really the main characters. However the mystery is very dark and has a surprise ending. Lots of anxiety about who might be next on the murder's list. I very much enjoyed reading this book....you will too.

Great story line, well developed characters and plot BUT, but did not like missing part of the story because the page was black and story information missing. Also, I'd be reading about a character and with out a break in the spacing the very next paragraph was about a different character. Had to reread to find out when we skipped to new character. And there were lots of characters.

I love Lisa Jackson but I have to say I thought this one was pretty corny! The storyline itself was not very good and it was worse with the added authors parts. I think I'll stick to her solo endeavors!

The story was very good. I really enjoyed it, but I have never read a book that ended a sentence with a period and started another Character and another part of the story on the same line as the one before. So many times I had no idea who or what was going on. I've read other books by this author and thankfully she didn't do it in them.

This was another good plot where you suspect everyone and keeps you on the edge You never know what is going to happen next so it keeps you from putting it down

I never was a big Lisa Jackson fan but I have definitely changed my mind. I just finished reading the two books in the Wyoming series and I love them both. I hope they add another book to that series soon!!

With all the tension a family endures during an unwanted wedding, then add the threat of a brutal murders and you have Sinister. It kept my interest throughout the book without revealing the killer. For anyone who enjoys murder mysteries, it is definitely worth the read.

Lisa Jackson and Nancy Bush are two of my favorite authors. They develop their characters, and always have a twist at the end. When you look back, the twist was entwined n the story. A great read!
