The Farmer's War (Golden Guard Trilogy)

Synopsis

Lieutenant Craig Youngly has only ever wanted one thing in his life -- to join the illustrious Golden Guard. In pursuit of his goals, he has found himself protege to Raylynn Westwind, notable Guard member and favorite of Prince Baldair. He has fought for two years in the sweltering North and now prepares to embark on a mission on behalf of the Guard that could secure his long-sought membership. It's the opportunity Craig has been waiting for, until Raylynn's attention turns toward another swordsman, Daniel Taffl. Daniel has always been a man of modest aspirations. As a farmer's son from the East, he seeks a soldier's wage to support a future for the woman of his dreams when he returns from the front lines. It isn't until he's conscripted into Craig's mission that he learns his sword-craft has caught the eyes of the powers above him. Craig sees his mission as an opportunity to impress the guard and exert his authority over Daniel. Daniel sees it merely as the chance to secure a more financially stable future. Their goals seem too simple to go awry. But, in the perilous jungles of the North, luck is something both men find to be in short supply. THE FARMERS WAR is the final installment in the Golde Guard Trilogy, prequel stories to the AIR AWAKENS SERIES: Book One, THE CROWN'S DOG Book Two, THE PRINCE'S ROGUE Book Three, THE FARMER'S WAR

Customer Reviews

USA Today bestselling author Elise Kova has always had a profound love of fantastical worlds. Somehow, she managed to focus on the real world long enough to graduate with a Master's in

Business Administration before crawling back under her favorite writing blanket to conceptualize her next magic system. She currently lives in St. Petersburg, Florida, and when she is not writing can be found playing video games, watching anime, or talking with readers on social media.

This was a good, quick, fun adventure ride. I enjoyed seeing the natural, believable development of Daniel and Craig's friendship. The plot hit all the important beats and was a fun journey, even when I was holding my breath. I enjoyed seeing the story come full circle to the end of *Air Awakens*. That was so satisfying. The book was rife with errors, but it did not take much away from it. I lament Tree end of this series as it makes the end of the (known) adventures in this world. I still hold out hope that we'll get to revisit it with stories of Vhalla and Aldrik's children and maybe even the Crescent Continent.

What a great ending to this prequel trilogy. I loved this story about how Craig and Daniel joined the Golden Guard. Bigger surprise to me though was Raylynn. In the series she is always presented as Baldair's significant other. This is the first time I saw a more fierce side to her that would have me understand how Baldair would be so attracted to her and make her defending Baldair, in the end, make even more sense.

I've been waiting for this since this prequel was announced. My favorite Eastern farmer and his dear friend that melted my heart the first time they appeared on page. Wonderfully wraps up the prequels and leads into the main series. I'm tempted to reread *Air Awakens* right now but I'm waiting till school is out. Do yourself a favor and get both series now. They are wonderful and Kova's world is so captivating.

I've always been interested to know how the bromance between Daniel and Craig came about so I was quite looking forward to this book! From hating each other to being loyal and friends, quite similar to how Baldair and Raylynn relationship first formed. A few spelling mistakes that put me off while reading so docked a star. After finishing this prequel trilogy, I really want to re-read *Air Awakens* but I don't think my heart is ready for a re-brake!

And once again you never cease to amaze me. your words are so eloquently written that I have a hard time to stopping my reading once I've started at least I remembered that Daniel and Craig were part of the golden guard because I had forgotten and nice job stitching this book to the main

continuity.

If you have read the Air Awakens series, this book provides a lot of the background story of why certain characters behave the way that they do. Rarely does an author provide the reader with the reasons behind 'why' a character does certain things. This book, and others in the Golden Guard Trilogy, do just that. The book is engaging....andsigh....just what was needed to complete such a great book series. Love all of Air Awakens! Go Kova!

Elise Kova never disappoints me with her books. I loved finding out more about Craig and Daniel. Their adventure towards becoming members of the Golden Guard was just as entertaining as the others.

I love the ways the characters were developed and interacted. I wasn't ready for it to end. I will reread the Air Awakens series next..
