Synopsis

Homesteader Woodworker: 40 Woodworking Projects Every Thrifty Homesteader Should Know How To Make
Book 1: DIY Projects: 30 Modern Wood Pallet Projects To Decorate Your Home And Garden
Pallets. Those large wooden things we see in all sorts of places, but never really give any thought. Sure, you see them when you are at a garden nursery, or perhaps shopping at a warehouse center. Perhaps you have seen them on the backs of trucks or in the industrial world, but have you ever seen them look attractive? Have you ever thought of how you could use a pallet to rejuvenate your home or yard space? Have you ever thought of all the amazing things you could do with that unattractive section of wood you see in countless places? Odds are, you haven't. In fact, few people have. But, using pallets to create all kinds of cool décor and furniture is not a new trend. There are many, many incredible things you can make out of these wooden boxes, and I am going to show you how. Whether you are looking for a large project that will completely transform a pallet right before your eyes, or minor projects that are going to show you fun and cool ways to use pallets around the home, this book is for you. I am going to show you the magic behind the pallet, and give you exactly what you need to know to use pallets around your home and garden like you never thought you could.

Book 2: DIY Mini Shed: Illustrated Tutorial On Building Small But Roomy Shed In Only \$40!
It is possible to make your own shed for as little as \$40. It will involve you completing all the work and sourcing the materials. Part of this will be discovering how to locate materials either cheap or for free; this can make a significant difference to the cost of your build. The shed illustrated in this guide is a fairly standard two meters by one meter and is made from pallets. These dimensions are controlled by the size of the pallets you find. It is possible to make this shed much bigger or even a little smaller; simply follow the guidelines and either add or remove pallets as required.

Book 3: Fence Building: 10 Nice Looking DIY Fence Building Projects That Won't Make You Broke
There are so many reasons why you should have a good fence, it's hard to count them all. When you have the right fence, you are able to keep your loved ones safe and secure, and know where they are at all times. But, fences can be expensive, and if you aren't careful, you can end up spending way more money on them than you need to. All the premade fences that they sell in the home and gardening sections of the store cost way more than they should, and while you end up with a fence, you also end up draining your bank account to get one. If only there was a way for you to make your own fence, without spending a lot of money to do it. If only you could rest assured that your fence is safe and secure, and know that you also had money left in the bank in case of a real emergency. But where would you get such a fence? And how do you know that it's going to get the job done? That's where this book comes in. In it, you are going

to find everything you need to make a variety of fences for your outdoor living space. You donâ™t have to spend a lot of money, and you can rest easy knowing that your pets and children are safe and secure in your yard.
