TEGES Core Subjects EC-6 291 Book And Online

Synopsis

The major difference between the Generalist and a Core Subject tests is that the Core Subject tests have enough questions within each core content area to provide a valid and reliable measure of each of the core content areas assessed. Additionally, each subject area will have its own passing score. The EC‎ test went from 140 to 267 questions. The five‎hour time limit remained the same for the test. The number of items were increased in order to provide reliability in score reporting for each of the core subjects assessed. Each core subject area has its own passing score and required more items to provide reliability of classifying candidates into passed/not passed categories. There are 3 full new competencies (Vocabulary Development; Reading, Inquiry, and Research; Writing Conventions) in ELA with 33 new skills; 10 new skills in Math; 9 new skills in Social Studies; 1 new competency (History and Nature of Science) with 11 new skills in Science; and 3 new skills in Art, Music, Health, Physical Education, and Theater.

Customer Reviews

I have been studying for 3 weeks now and have been finding a lot of typo errors. The format of the book is excellent but I will not rely on it completely.

Did not feel this book was very helpful and the Practice Tests they offer online are the worst. There are 3 tests and they all ask you the same questions, sometimes in the same test you are asked the same question 2 or 3 times.

I studied this book and passed my TeXes exam!!!!!!

Helped me tremendously!

Great material that is all needed when studying for this test!! It is all layed out in an outline and has 3 practice tests in the back. Don't be intimidated by its huge size, the front section is mostly outlines and some study tips and the back is full of tests so the core material is in the middle and it's a huge section but it's all excellent material.

Great condition

Great resource! Timely delivery!

I like it so much.
