Customer Reviews

Very worthwhile read about the life of Captain James Cook. Captain Cook was undeniably one of the greatest explorers of all time. Although he became somewhat of a tyrant toward the end of his life, he prevented his crew from getting seriously ill with proper diet and good hygiene. A truly historical figure.

This is a very interesting account of James Cook's explorations, most of which I had forgotten. Easy to read and informative. I have read of other explorer's attempts to find the Northwest Passage, so the events of his travels were familiar.

All the books I have received I have enjoyed very much. I look forward to Fridays.
