100 RIDDLES AND TRICK QUESTIONS FOR KIDS & FAMILY

Synopsis

Enter the world of riddles and challenge your brain and have some fun too!! This book has been written after a long research from web forums, library books, past conversations with friends, and old notebooks. You can find most of these brain teasers and riddles on websites and other books. However, you will not be able to find these diverse collections in one particular place. They are especially suitable for children between the age bracket of 5 years and 12 years. This collection of 100 brain teasers is not only amazing but unique in style and design. Many riddle-lovers will agree with us that most of them involve truth tellers and liars whose solutions are based on the same reasoning and logic. The content is fresh and challenging and one that allows the problem solver to explore different approaches to their solution. It has been my pleasure to put up this collection together, and we hope that you will enjoy reading this diverse collection of riddles and brain teasers that have been put together in one book. Having such an extensive but focused collection of riddles all condensed into one place is a dream come true for any riddle-loving kid.
