## Sentinel (Vampire Conclave: Book 2)

## Synopsis

As Sarah and Julian begin their quest to uncover the truth surrounding his curse, a new threat arises, endangering not only their lives but the future they hope to build with one another. In order to protect themselves and those they care about the most, Julian and Sarah must use all of the resources at their disposal to neutralize their adversaries. For Julian, this means relying on his sister, Mira, and the Council of Elders in New Orleans to uphold the laws within the supernatural community there and mete out justice to those who disobey them. Sarah must seek the assistance of the alfar who are more than happy to oblige the wishes of their future queen and ruler of House Moonshade. As she begins to accept the responsibilities of her birthright, Sarah's knowledge of the rivalries between the alfar houses grows, revealing to her how tenuous peace is among them. While Sarah delves deeper into their world, she discovers just how far they're willing to go to serve and protect her. Such loyalty brings into focus her duty to the alfar and the dreams she might have to abandon in order to live up to her heritage. Torn between two worlds, Sarah must decide whether or not she can have the best each has to offer, or if she will have to choose between the man she loves and protecting the legacy of House Moonshade.

## Customer Reviews

S.J. West always keeps us on our toes! This book is no different! Julian and Sarah have many obstacles to stay together, when a vampire and a "special girl" (avoiding any spoilers with that) have to fight numerous obstacles to one day be together fully! I absolutely adore this book and series, I don't want to put it down, all the characters are well written and you fall in love with most of them, a few you totally dislike. As per the author's intentions. Sentinel is well written and comes to life as you read it, and as S.J. is true to her writing by taking you on an obstacle course of emotions and surprises. As you think something is going to happen she turns it on you. This book is full of Magic, laughs, and tears. Many different paranormal creatures. I have nothing but praise for this book totally worth the read!

S.J. West has given us the next segment of her vampire conclave saga, and it doesn't disappoint. I enjoy her stories partly because of the interesting story lines, which manage to be relatable in spite of being supernatural fantasy. I also appreciate her ability to create well-developed characters. Her characters are sufficiently complex without being annoyingly contradictory. Her protagonists are imperfect but thoroughly likable. They feel like people I would like to know and befriend. I find it easy to lose myself in the fictional worlds she creates. I always look forward to anything new from S.J., and frequently re-read her books. So I give two thumbs up for Sentinel!

This book was even better than the first book. This book keeps you on the edge of your seat with all the twists and turns. S.J. West wrote another amazing book and I can't wait to get my hands on the next book in this series.

SJ West has written yet another book I could not put down until the end and left me hanging waiting for the next book to come out. I love Sarah's optimistic view on life even when there appears to be no reason for it.

Sentinel is incredible!! S.J. has found her knack vampire romances!! Julian and Sarah's love for each other grows so much in the second book. There's so many twist n turns you won't want to put

it down, I know I sure didn't!

I love vampire s even tho this vampire doesn't want to be a vampire and is trying to figure out a way not to be a vampire anymore. It is a very interesting series.

S. J. West is a master storyteller. This is a phenomenal supernatural story that keeps the reader intrigued throughout the entire book. I can't wait for the next book!

I honesty wasn't ready for this book to end. I wish that the books came quicker because I could just read read read and never sleep. Then again maybe it is a good idea that there is time in between them. Now to find something decent to read until the next book. I read this one in a day because I was so into it. The love they have for each other is something most females only dream about.
