Customer Reviews

This guide will be your reference book that will reveal all secrets of Minecraft. This book provides a wide variety of actions. There is no purpose in Minecraft. The player chooses what he wants to do by himself. The game was created in the genre of the sandbox and, in my opinion, it is the best in

this genre. The guide shows it for us perfectly.

I was wondering if this would work on xbox one, we recently got comparitors droppers hoppers ect and i was wondering what version we are equivalent to (eg 1.6) so that i could look for redstone tutorials that would work on consoles!! thanks .
