The ABC's Of Kissing Boys

Synopsis

Parker Stanhope has played soccer practically since she could walk. And now that she's a high school junior, everything she's worked for is finally coming together. She's paid her dues on the field, and as an upperclassman, she's a shoo-in for the varsity team. But that's not what happens. This year, Coach Hartley moved up every JV player but two—and one of those two was Parker. Now, she's stuck with the freshmen, her friends are cutting her loose, and her love of the game is seriously beginning to fail. But Parker is determined to get her life back. She has to get on the varsity team, and she has the perfect plan. All she needs now is the right kind of coach. Tina Ferraro lives in southern California. From the Trade Paperback edition.

My Thoughts: We are introduced to Parker who loves soccer and revolves her life around soccer. She is upset she doesn't make varsity so she hatches a plan to get kissed at the kissing booth by last years most hottest popular guy who is now in college. He is also her brother's best friend. Yes,

they both are in on it. We are then introduced to Tristan. He is Parker's next door neighbor and is two years younger gradewise than Parker. He's been to camp and knows how to kiss so he offers his service to Parker. He starts to teach her all the different kisses. She soon realizes there might be more to him than she thought since she originally thought he wasn't cool enough to be in her crowd. FYI: Her crowd is the popular girls. Of course Tristan also uses his new found popularity to meet other girls. He figures he should get something out of his lessons. I really liked this book. I devoured it in one sitting. I loved Parker and Tristan together. I loved the way he was teaching her how to kiss and all the different techniques he knows. I loved the references in this book and I loved the feelings that slowly started to develop between them. I didn't like most of Parker's friends. In reality, they were snobs and I would have liked her to stay away from them and realize from the get go they weren't worth her time. I loved this book. If you want to know what happens to Parker, pick this book up now! Overall: Loved it! I even love the title of this one! It's a fun quick read that will make you smile and want to learn more about Tristan's kissing techniques!

The ABC's of Kissing Boys by Tina Ferraro starts out with Parker learning she didn't make the varsity team and is very upset about it and the fact that her friends are now leaving her out. So in order to get back into her friend group and on the Varsity team, she has to do something about it-and that something involves her neighbor. This is a really cute book, and it's about kissing-and who doesn't like a book about kissing? Each chapter starts out with the name of a kiss (starting with A and ending with Z) and then it states the definition of that kiss. And within that chapter, that kiss happens-which is super cute and I loved how she followed the alphabet. Will I reread it? Most defiantly. This book was just a really light, fun read that I suggest it to every age group including those younger teens and older teens. It was just very enjoyable.

Parker and Tristan's chemistry is so... WOW! And, the ABC's of kissing at the beginning of each chapter are cute! *Also, this book is not just a love story, but about friendships and who is truly your BFF :)*

This will be a mini review, because I didn't have time to reread this book. I just want to say this is perfect recipe for making me smile. It had cute awkward moments and sweet kissing ones. I honestly have never been one for younger guys, but after this book I definitely never looked them over either. I thought Parker was awesome going after what she wanted, and I loved how she begins to realize what is really important. I love the family feud thing going on, almost make them like

Romeo and Juliet. Everything is stacked against her, yet Parker continues to fight and ends up winning it all! duh =)

I found this book completely charming! Parker has such an amusing voice that I seriously laughed out loud several times while reading her story. Her scheme is so deliciously ridiculous and the boy next door is such a sweetheart that I couldn't help but love every page of this book. Her father's crazy war with the neighbour and her bitchy friends just add to the funniness and the charm of the story. The book is a quick read, about 200 pages, and is perfect for a lazy Sunday afternoon if you're in the mood for a light and entertaining read.

Who knew kissing could be so interesting? (Okay, we all did.) Tina does a great job in this light, fun book. It's a read that teens will love and parents won't have to stress about.

Tina Ferraro has a great voice in this story of teen romance, fun, and the inevitable mean girl. Her way of writing draws you in, has you rooting for the characters, and literally flipping through the pages to get through the story. I loved this book and I think it's totally worth of the RITA (Romance Writers of America award) nomination. Teens will love it. Heck...40 year olds will love it! I look forward to more and more and more from this writer.

I loved this book! It was so sweet. Anyone who wants to read a nice, touching romance should read this.
