ACT English Practice Book (Advanced Practice Series) (Volume 7)

Synopsis

Created by the expert editors and educators of Integrated Educational Services, this ACT English book targets one of the toughest sections of one of America's most popular standardized tests. The ACT challenges its test takers to answer 75 grammar and writing questions in only 45 minutes. Attention to detail and relentless practice, here, are key. These are the talents that this book will foster. Unique in its straightforward grammar approach and exemplary in its abundant, relevant practice material, this new book is designed to give you unparalleled advantages. Work through the ten practice tests, analyze your results, and refine your ACT English methods. A better score and a new level of test-taking confidence are right within reach. It's time for you to take control of the ACT!

Customer Reviews

Quite good for general guides for ACT.

Good practice and guidance for students.

Nice ACT book

It does NOT have explanations and hence not very effective for test preparation.

Honestly, I was very impressed with the amount of detail in this book. I'm not going to say my initial ACT score but I can confirm that it has risen significantly from both my hard work and this book. The ACT is by no means an "easy" exam but it certainly has become easier with the help of this book. Thank you ies2400!

Reviews of this book are very fishy. Not one of them is a "regular reviewer" and for the most part they all seem to review the same items.

This book really boosted my confidence in my test taking skills, excellent review book to use

This book was a great purchase. With the strategies and advices given, the questions became easier to understand. The questions here are what you can really expect on the actual test.
