Customer Reviews

Kuklo finally saw his titan and it's not going well. He is on his way to becoming a snack. Thanks to Sharle this does happen. There is only one choice left; run like the wind. But, the titan gives chase. They have to fight and Kuklo gets a great idea. They finally get back inside Wall Maria and are confronted by the MPs. Carlo learns the identity of Kuklo and Kuklo heads off with the MPs. Carlo and Sharle meet. What to do about Kuklo? Over all the story is finally starting to gel for me. It's a little odd seeing them trying to fight without Vertical maneuvering equipment. It does make for a better picture of what it was before. On to the next one.

Okay, so I am very intrigued by this side series and this volume was amazing too! If you liked Attack on Titan or had the chance to read the first two volumes of AOT:Before the fall then I strongly suggest you pick this up too!The quality is great, and it was delivered fast

An amazing series!

If you enjoy attack on titan then you will love this series. It provides the background to the vertical maneuvers equipment that enables humans to defeat titans and the first battle with the equipment. I highly recommend it and the rest of the series.

It's what I expected.

My son loves this series.

Action impacted, blood rushing, intense situations in this 3rd book. Cannot wait for the 4th book to be released.

The manga itself is pretty impressive. It came within a couple weeks.
