Customer Reviews

Made this to make money. All the info in this book is general info the game already tells you. They made this hoping people would click on it trying to order the real thing like I did, which is my fault,

but still, this book sucks.

the single worst guide book I've ever seen. You can get better "hints" just by playing the game. This book was written during pre-alpha mode and it shows. I'd give it lower than 1 star if I could. The only suitable use is for uncomfortable toilet paper.

Not a guide just a book with basic knowledge

Good gift

Thank you.

they had no knowledge of the game, there was no information in the guide !!!!!!

Not happy

Not a guide, more of a chapter from a book
