Catskill Mountain House

Synopsis

Best known for inspiring the Hudson River School of painting, for 140 years the Catskill Mountain House stood on a rock shelf above the Hudson Valley and facing the River. --This text refers to an out of print or unavailable edition of this title.

Customer Reviews

Roland Van Zandt's The Catskill Mountain House provides a colorful and detailed history of America's first resort. -- *Historic Traveler*: November 1998 The Catskill Mountain House is the story of a love affair--love at first sight. -- *New York Times Sunday Book Review* the story of a love affair--love at first sight... follows the great days of the famous hostelry with pride and the days of its decay with heartbreak. -- *The New York Times*: 2/5/67 --This text refers to an out of print or unavailable edition of this title.

Full of great facts about this historic site. A must read for Hudson River arts fans.

If you like the catskills than you will like this book. My wife grew up in the Catskills and loved this book.-----I got 4 attaboys for buying it for her.

I've hiked numerous times in this area of the Catskills (the site of the Catskill Mt. House) and was often puzzled by the historic markers, ruins (Otis Elevated Railroad) and remnants (19th century hikers had chiseled their names in stone) of what now is becoming a wilderness. This book was extremely informative and relayed the progression of the area from the early 19th century and into its final phase in the 1960s. The depth with which the author describes the Catskill Mountain House (and other resorts) within the context of the development of the US and the changing life-styles of its populace was simply astounding; the extensive research that supports this text was very

impressive. I'm looking forward to returning to this area to see/re-investigate the many historical jewels that this book highlights!

I decided to purchase this book and read it because I have been working in the Catskill Mountains this summer and immediately loved the area. For your history buffs, this is great book for you to read. The Catskill Mountains are the original vacation/resort area of the U.S. I found the book about the Mountain House to exceed my expectations. It was great to walk back in time to read about the rise and fall of this wonderful house. The book also has many great pictures and drawings.
