Best Sellers Rank: #24,836 in Books (See Top 100 in Books) #21 in [Books > Reference > Dictionaries & Thesauruses > English](#) #69 in [Books > Textbooks > Reference > Dictionaries](#) #71 in [Books > Reference > Words, Language & Grammar > Grammar](#)

Customer Reviews

For more than 150 years, in print and now online, Merriam-Webster has been America's leading and most-trusted provider of language information. All Merriam-Webster products and services are backed by the largest team of professional dictionary editors and writers in America, and one of the largest in the world.

You cannot argue with Merriam-Webster. This book is a direct reference that is easy to use and navigate. As far as shipping goes this book arrived in brand new condition, as stated. It arrived on time and well packaged. Fun Fact: Did you know that Webster completed his first dictionary while he was in Paris?

Fits perfectly in my purse and a great tool to have if you are interested in improving your writing skills.

The book itself is good with lots of helpful information. It seems like it's going to be a great pocket reference. The only problem is that the tables of copyediting and proofreading marks are blurry and

impossible to read. It looks like the publisher used a photocopy of a photocopy and no one bothered to see how the quality had degraded. So if you're buying this book to learn copyediting, you'll end up feeling cheated.

Great book for those who like to write, or anyone who might be looking to improve their writing skills.!

Purchased this for my 15yr old, but I use it to proofread documents. Great tools for all ages.

I've used this a lot so far in my editing work, it never fails me. Its layout is clear and easy to understand.

This little book is a must-have for any writer. Easy to read and concise. I refer to it constantly as I navigate in my creative writing efforts. In fact I like it so much that I purchased a second copy for a writer friend.

When writing something for publication or submission for a grade you sometimes need a little help getting things formatted properly. I found this book to be quite handy and easy to locate what I was needing without spending a great deal of money. It has a permanent place on my desk now.
