Age Range: 4 - 8 years

Grade Level: 1 - 4

## Customer Reviews

"Everything kids want to know about cowboys."

Gail Gibbons has written and illustrated more than one hundred informational books for children. A talented writer who turns fact into entertainment, she has traveled across the country to research topics as diverse as deep-sea submersibles, the largest tree in the world, and more. Gail Gibbons divides her time between a cottage on Matinicus Island off the coast of Maine and a farmhouse in Vermont surrounded by sugar maple trees.

Gail Gibbons writes wonderful, informative books about a number of things and this book is no exception. It gives good information about the lives and jobs of cowboys and cowgirls.

Daughter is a teacher and used it to explain our past to 1st graders. I'm old and grew up playing "cowboys" and "Indians", so I didn't realize that children know virtually nothing about the "wild west" and that part of American history. The children thought "cowboys" and "cowgirls" were male and female "cows".

Excellent book! Explains what a cowboy of today does, pictures with labels showing clothing and animals. Is for our 7yr old grandson's birthday and he is "into" wanting to be a cowboy. He will really enjoy it.

Grandsons and granddaughters like this book, Opa needs something new to read to them every visit. Not just a story - a little history and equipment/tack truths.

Great children's book if they want to learn all about cowboys and cowgirls. Very informative and my granddaughter loved it.

Ideal for help with a project.

This book is for much older children than I was expecting, 3rd grade at least.

Great book!
