## **Synopsis**

How could it get any worse? For the latest book in the phenomenally successful Worst-Case Scenario Survival Handbook series, the authors have pulled out all the stops, harkening back to the core appeal that made the first book a runaway bestseller. Here are all new scenarios for living life on the very edge. Imperiled readers will learn immediate, hands-on strategies for surviving an elephant stampede, a 16-car pile-up, a mine collapse, and a nuclear attack. Discover how to take a bullet, control a runaway hot air balloon, break a gorilla's grip, endure a Turkish prison, and free a limb from a beartrap. Whether stranded on an iceberg, being chased by a pack of wolves, spinning out on a motorcycle, or being buried alive, The Worst-Case Scenario Survival Handbook: Extreme Edition has all the right stuff for those times when everything goes wrong.

FUNNY, FUNNY, FUNNY.... and informative! A must have for world travelers, explorers or adventuresome people who find themselves in unusual situations (like me)! I bought this as a gift for my psychiatrist and she loved it... of course I had to read it cover to cover before I wrapped and

presented it to her!

I wanted to revisit this book, and after looking around, it seemed clear this was the version to get. It's still as fascinating, browsable, and fun as ever. I'm sure it would be useful too--but I hope to never have to find out!

A good book for reading and amusement. Many of the scenarios would not be executable by the average person as it would require practice and execution BEFORE the emergency. An informative C.Y.O.A. book for reference.

Practical approach to unusual situations. I bought this book for my "survivalist" husband more as a joke to one of his obsessions. But, turns out the book offers great info. Thanks!

This was for our grandsons ... early teenagers ... they loved it.

my husband absolutely loved this book! a nice gift to give especially to those who are hard to give gifts too! and an additional laugh or two

I owned this before and sold it for good money. Had to buy it. Love all the scenarios and lessons. Im a prepper so this is valuable info. You can never be overprepared. Thanks guys. Keep it up!

Lol, the funniest book on survival with good tips
