Customer Reviews

I have not gone through the whole book, but if you're debating whether to buy it or not (maybe for your child). Don't hesitate. The book is easy to go through, if you have musical knowledge or not.

This recorder set was a fun gift for my 9 year old daughter. She has already learned several songs. She loves the color of the recorder as opposed to the ugly brown ones! :)

My daughter is teaching herself and is getting pretty good. Order book 2 also, she just flies right through it.

This is a great beginner book. He enjoyed learning to play the recorder. Helpful for me, his Mom,

because I know nothing about music!

Yes it has helped fill a gap in my spotty personal sessions.

good book

he love it, low price and high quality. i will purchase it from you next time. i receive it very fast. This bread product is by far the best bread product I have ever owned! As a former Chef, kitchen tools are very important to me. I have an extensive collection of products and am always looking for the best tools. This is not only an excellent bread product, at a good price but a beautiful design and feels great in my hand. It is sharp and effective. I am so happy with it I bought two and have put it on my gift giving list for years to come. If you enjoy great kitchen tools this product should not be missed!

To start off with, the embouchure describe on page 3 is incorrect. Do NOT rest your bottom lip on your lower teeth. The recorder is placed just barely between your lips. Then the presentation of notes is very closely spaced with only 2 to 3 pages to practice the new note(s) before another is added. On the positive side, the rhythms are simple, and good use of color and graphics.
