Customer Reviews

Lisa Zimmer Hatch, MA, and Scott A. Hatch, JD, teach SAT®, ACT®, LSAT®, GRE®, and GMAT® test preparation through programs at more than 300 colleges and universities.

This book is a really useful tool for anyone studying for the GMAT. It's easy to read and is very thorough. Coupled with other guides or alone I think this will help anyone looking for a high score on the test

Gives you a good idea of what's to come.

Very good

Excellent, all the basic info I needed, I guess it'd be great for newbies

This is a really good guide!! I purchased one other set of guides, and looked at a bunch more at the bookstore, and the information in this book is not anywhere else. The other guides probably have more practice exercises but this book walks you through how the test works, what knowledge is being targeted in the questions that will appear in the test, really helps you understand what to study and also provides strategies for working to identifying the right answer. I would purchase other guides or use the online GMAT content if you want a lot of practice exercises but don't skip this book!

Easy to use and very helpful. Very satisfied with my purchase. Happy that I got this to help raise my score.

It's easy to read, has what appears to be relevant info, and it has some jokes intertwined throughout

the study material to lighten things up!

It's ok. If you read it carefully you have a chance of 700
